

Preface

This Volume contains the Proceedings of the “Control Set-Valued Analysis and Applications” (CSVAA04) Conference held in April 2004 at the University of “Antilles and Guyane”.

The Scientific committee of the Conference consisted of R. Janin (Pointe-à-Pitre, Guadeloupe), M. Lassonde (Pointe-à-Pitre, Guadeloupe), O. Nakoulima (Pointe-à-Pitre, Guadeloupe), A. Pietrus (Pointe-à-Pitre, Guadeloupe) and J. Revalsky (Sofia, Bulgarie).

The CSVAA04 was organized by the team AOC (Analysis, Optimization and Control) of the University of “Antilles and Guyane”. This Conference was a continuation of the one which has been organized in 1999 by Marc Lassonde and intitled “Approximation and Optimization in the Caribbean”. The goal of this Conference was to support the development of high level research in the Caribbean in Control and Set-Valued Analysis and their Applications.

As Chairman of the organizing committee, I would like to thank the following institutions for their financial or material support :

- Ministère de l'Education Nationale, de la Recherche et de la Technologie
- Ministère des Affaires Etrangères
- Conseil Régional de la Guadeloupe
- Conseil Général de la Guadeloupe
- Fonds de Coopération Régionale
- Université des Antilles et de la Guyane

Many persons have contributed to the publication of this volume. I would like to thank the authors for their contributions and all the colleagues for their cooperation in the revision process of the papers.

Pointe-à-Pitre, December 2006

Alain PIETRUS
